Weddings:

Congratulations! Your significant other finally popped the question! Now that after all of the initial excitement is over, you're probably starting to stress out now that you realize how much planning you have left to do. Between dress shopping, choosing a venue and caterer, floral arrangements and a DJ service, plus all of the small details such as a cake, decorations, etc., you have to pick a photographer on top of it all. Let Bri Photography relieve some of that stress!

Your first consultation with me will be mostly spent getting to know each other. I'm a romantic at heart and LOVE hearing how you two met and the proposal story. I also love hearing about all of the details of your big day, so we'll spend a good portion talking about that as well. Your wedding will be one of the biggest days of your lives, so it's very important to me that we connect on all levels.

1/3 of the package price that you select will be due at this first consultation to secure your wedding date. This booking fee is NON-REFUNDABLE. We will also go over Bri Photography's wedding contract, which will soon be available for download online, and answer any questions that you may have.

Please take a look at my package pricing below and feel free to contact me with any questions. A 10% discount will apply to the wedding package of your choice if you book an engagement session too! Custom printing is also available.

Ceremony Package: \$500.00

Includes photos of the bride and groom, wedding party, and the ceremony. You will receive on average 25-35 edited images* of your choice on a CD with print release.

Gettin' Ready & Ceremony: \$750.00

I will follow the bride from the moment she gets her hair and makeup done, all the way to saying "I do!" Includes photos of the bride and groom, wedding party, and the ceremony. You will receive on average 40-50 edited images* of your choice on a CD with print release.

Kit & Caboodle: \$1200.00

I will be with you for the entire day! From the time the bride gets her hair and makeup done, to saying "I do", to making circles on the dance floor. I will be there to capture every moment of your important day! You will receive on average 75-100 edited images* of your choice on a CD with print release.

Family Photos: \$300.00

Weddings often combine the bride and groom's family as they celebrate their union as husband and wife. I am more than happy to photograph both families on your special day for an additional cost, as these photos take up a lot of the photographer's time normally spent on the bridal party.

Every bride's big day is different! From small to extravagant, Bri Photography will offer each bride a unique and personalized experience. Images on the CD may vary based on the amount of photos taken throughout the day
